FUTURE OF NUCLEAR ENERGY

Just the facts

Carbon-free nuclear power is an important part of the world's clean energy future, and Idaho National Laboratory is at the center of advanced nuclear research.

Come learn about the projects INL is working on, how we work with industry and communities, and what nuclear can do besides make electricity.

Bring your smartphone to participate in interactive polling about topics of interest. Attendees also can submit questions beforehand to **nuclearquestions@inl.gov.**

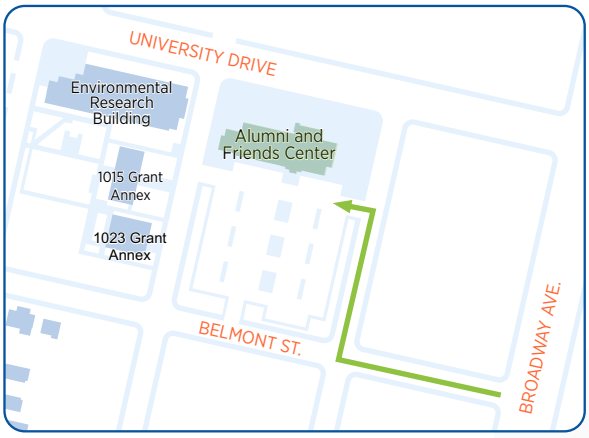
Community Discussion

Join us for a discussion about the future of nuclear energy featuring experts from Idaho National Laboratory

Wednesday, January 25

5:30 p.m.

Alumni and Friends Center
Grand Ballroom
Boise State University
1173 University Drive, Boise



Parking: There are first-come, first-served parking spaces reserved for this event. No vouchers required. The parking lot is south or directly behind the Alumni and Friends Center. *Click the map for an interactive view.*
