

School E-Waste Collection

Dear Parents,

Today, representatives from the Idaho National Laboratory and E Cyclers of Idaho visited your local school(s) to raise awareness about the importance of electronic waste, or e-waste, recycling. The activities helped students understand how e-waste can harm the environment if not managed correctly and encouraged them to adopt responsible recycling practices.

We need your help with our upcoming E-Waste Collection. We are committed to promoting responsible e-waste disposal and ensuring a cleaner community.

Please join us by bringing in your old, unused, or broken electronic devices to the designated drop-off locations at your local schools.

We accept the following items:

- Laptops and Small desktops
- Keyboards and Mice
- Mobile Phones and Smartphones
- Chargers and Power Adapter
- Cables
- Batteries
- Modems/Routers
- Digital Thermometers
- Game Consoles
- Handheld Gaming Devices
- Film and Digital Camera
- Tablets and E-readers
- Electronic Toothbrush
- Calculators
- Electric Shavers
- Electronic Toys
- Headphones and Audio Equipment
- Hair Dryers, Straighteners and Curling Iron
- Any other small electronics that could fit in a backpack or are small enough for a child to bring to school

Instructions on how to prepare e-waste for collection can be found on the next page. Thank you for your support in making this electronic waste collection a success. Let's work together to keep Idaho beautiful.

Sincerely,
Idaho National Laboratory and E cyclers
of Idaho
