

Building the Case for Hybrid Distributed Energy Developments

April 4-5

Location

Virtual

Times

10am-12pm MT each day

Cost

Free

Registration

<https://inl.gov/national-security/hybrid-energy-webinar/>

Day 1

Welcome

10:00 Intros and Overview Megan Culler
INL

Why should I consider a hybrid system?

10:10 Benefits of wind hybrid systems Megan Culler
INL

How can I design a system that works for me?

10:30 What does “work for me” mean? Nick David
Iowa State University

11:00 Valuation Framework Sarah Barrows
PNNL

11:15 Resilience Framework Megan Culler
INL

11:30 Design Considerations Caitlyn Clark
NREL

Technical Assistance Opportunities

11:45 How can national labs help? Megan Culler
INL

Discussion.....

Day 2

How can this system be developed – Tools from the labs

10:00 Wind resource analysis tools Kevin McCabe
NREL

10:20 Resilience calculator Megan Culler
INL

10:35 HOPP Caitlyn Clark
NREL

10:50 Valuation Tool Dan Boff
PNNL

11:05 TAP Heidi Tennesand
NREL

11:20 Questions/Discussion

Funding Opportunities

11:30 Types of opportunities Michael Leitman
NRECA

11:40 Resources available Megan Culler
INL

Closeout

11:50
